y for the initial PO. I think the initial order will only be for skidtubes D205-634-113BK, also D412-666-011BK and the clamp kit ir crosstubes). Please ensure we have everything in place to get these moving in production as soon as we get the order. ©

All,	
I received D2580 Rev	G with errors. Markups are with Alan for fixing. Unless it's buried in my email, I haven't seen the corrections.
With respect to the la here in Oceanside.	ast minute ICA change that required a revision, the update is in my Inbox. I will try to review and sign this afternoon down
David

Get ready.....

I just had a call with DND and we are going to get a PO. A decision was recently made NOT to place any further POs for Bell skidtubes ©

Lt Dan is checking on the quantity for the initial PO. I think the initial order will only be for skidtubes D205-634-113BK, also D412-666-011BK and the clamp kit D412-1008-011 (I also quoted our crosstubes). Please ensure we have everything in place to get these moving in production as soon as we get the order. ©

Thanks for everyone's continued support on this one.
